

Dear Parent/Guardian,

Epping Secondary College eagerly anticipates another enriching year of teaching and learning and wishes to inform you about our voluntary financial contributions for 2024.

Schools are committed to providing students with free instruction to meet the standard Victorian curriculum, and it's important to emphasise that all contributions are entirely voluntary. However, the continued support from our families plays a crucial role in ensuring that our school can deliver the highest quality education and support for our students. We extend our sincere gratitude for your support as it has significantly impacted our school and the range of programs we can offer.

Thanks to this support, we've been able to expand our curriculum, provide special educational experiences, enhance digital learning opportunities, upgrade our WIFI and internet capabilities, offer assistance to families facing financial hardship, and implement youth programs. Additionally, we are excited to share that with the ongoing support, we have plans for the upgrade and refurbishment of the food technology wing in 2024.

For more details on the Department's Parent Payments Policy, please refer to the attached one-page overview.

Warmest regards,

Mr Anesti Anestis  
Acting College Principal

Mr Stuart Lord  
School Council President
